# EXPERIENCE

## Video Editor

2025 - 2026 December

Better Cyber Career UAE (Remote)

At Better Cyber Career, I edited both long-form educational content and short-form social media clips tailored for cybersecurity professionals. My role involved creating professional, branded video content optimized for viewer retention across YouTube and social media. By transforming raw footage into clear, engaging stories, I contributed to building the company's digital presence and audience growth.

## Video Editor

2025 - Present

Platform Productions Bahrain (Remote)

At Platform Productions, I worked across both video editing and motion graphics, handling projects from start to finish. My responsibilities included editing long-form footage into clear, engaging content, fine-tuning audio for high-quality sound, and designing dynamic motion graphics elements such as hooks, intros, and branded visuals. This role strengthened my technical expertise, storytelling skills, and ability to deliver polished, professional content under tight deadlines.

## Graphic Designer / Video Editor

2023 - 2025

MetaMorph Global | USA, California [Remote]

As a Graphic Designer at Metamorph Global, my key responsibilities include creating stunning agendas for event organizing and designing promotional materials for social media. My work ensures visually appealing and effective communication of the company's events and promotions.
