Databases: PostgreSQL, MongoDB, MySQL, Firebase
Development: Git, GitHub, Docker, API Development, Unit Testing, Integration Testing
Tools: VS Code, Postman, Figma, IntelliJ, Android Studio, Jira, Claude Code

Certifications

AWS Certified AI Practitioner | Microsoft Azure Administrator (AZ-104) | AWS Cloud Practitioner Essentials | Docker Foundations Professional Certificate | Claude Code in Action

Professional Experience

Backend Developer Jan 2024 – Apr 2024
Sarvadhi Solutions *Surat, India*

- Developed web application features and REST APIs using Java and Node.js based on application requirements
- Worked with frontend and backend data flows to support application functionality and third-party integrations
- Created SQL queries using PostgreSQL and MongoDB to support application data requirements
- Diagnosed application issues by tracing logs and identifying root causes across the software stack

Service Supervisor Feb 2025 – Present
Farm Boy Inc. *Kitchener, ON*

- Manage daily operations while communicating with customers and coordinating tasks across the team
- Resolve customer issues and adapt to changing priorities in a fast-paced environment

Projects

Truck Connect | *React, React Native, Node.js, REST APIs, MongoDB, JavaScript* 2025

- Built a web and mobile application using React, React Native, and Node.js to support truck-related application workflows
- Developed REST API integrations and connected application features with MongoDB data services
- Implemented reusable frontend components and application screens across web and mobile interfaces

ATS Resume Checker | *React, TypeScript, Java, Spring Boot, REST API, HTML, CSS, Git* 2026

- Developed a full-stack web application with a React TypeScript frontend and Spring Boot backend
- Built responsive user interface components and integrated REST APIs for resume analysis workflows
- Structured frontend and backend services to support maintainable application features and future enhancements
