SUMMARY

Junior Full-Stack Developer with 3 years of experience building web and mobile applications. Experienced with backend development using Node.js, Java, and .NET, and frontend development using JavaScript, React, React Native, and Angular. Strong background in building real-world projects, fixing bugs, working with clients, and learning new technologies quickly.

EXPERIENCE

❖ Mobile Application Developer, Code Zone R&D Jun 2024 — Current
Tira, Center District, Israel

Built mobile applications for Code Zone R&D clients using React Native, and developed web applications when needed using React.js and WordPress. Collaborated with the team to complete client tasks on schedule. Also worked as a development instructor, mentoring students, helping them set up coding environments, fixing bugs, and guiding them through React Native and Node.js projects.

❖ Founder & Full-Stack Developer, Jelofy Apr 2025 — Current
Remote

Co-Founder of Jelofy, a SaaS platform that helps restaurants create and manage digital QR menus. Built and maintained the platform, supported users, fixed bugs, and improved the product based on feedback. The platform is actively growing and is updated regularly.

EDUCATION

❖ ORT School Sep 2019 — Jan 2022
Technological ICT Systems 3.1 israel

Completed training in ICT systems, including networking, communication systems, computer hardware, motherboard basics, and mobile device repair.

❖ Code Zone College Jan 2024 — Jul 2024
Full-Stack Mobile Development Certificate Haifa, Israel

Completed training in Java, React Native, Node.js, and MongoDB. Passed Java-based exams with high scores and earned an additional certificate for building a full-stack Coffee App project.
