Front-End Developer | React.js | TypeScript | Authorized to Work in Canada

PROFESSIONAL SUMMARY

Front-End Developer with 5+ years of experience building responsive, user-centered web applications across fintech, SaaS, health, and entertainment. Strong React.js ecosystem experience with TypeScript, JavaScript, Redux Toolkit, RTK Query, Tailwind CSS, Material UI, Shadcn, Jest, and Enzyme. Known for component libraries, dashboard workflows, data-rich interfaces, and cross-functional delivery; expanding full-stack capability with Node.js, Express.js, and SQL.

TECHNICAL SKILLS

Frontend: React.js, Redux.js, Redux Toolkit, RTK Query, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS
UI and Design: Material UI, Shadcn, Responsive Design, UI/UX Design, Design Systems
Backend: Node.js, Express.js, SQL
Testing: Jest, Enzyme
Tools: Git, Jira, Bitbucket

PROFESSIONAL EXPERIENCE

Web Development Instructor (Part-Time)

Cornerstone International Community College of Canada | Vancouver, BC | June 2026 - Present

- Teach modern front-end architecture and responsive web application development using React.js, JavaScript, HTML5, and CSS3.
- Guide students through project-based development practices for building user-centered interfaces and reusable front-end patterns.

Front-End Developer

Uplifter Inc. | Vancouver, BC | May 2025 - January 2026

- Architected and implemented a custom UI component library with Shadcn and Tailwind CSS, creating a unified design system for React applications.
- Optimized performance and data fetching with Redux Toolkit and RTK Query for centralized state management and efficient API caching.
- Engineered an Events Management interface with server-side filtering, multi-column sorting, and optimized pagination for large-scale sports data.
- Developed responsive dashboard navigation, including dynamic sidebar and navbar experiences across mobile, tablet, and desktop.
- Built a global Quick Search feature for querying and navigating athlete profiles, registrations, events, and memberships.

Technologies: React.js, Redux Toolkit, RTK Query, TypeScript, JavaScript, Tailwind CSS, Shadcn, HTML5, CSS3

Front-End Developer

United Overseas Bank (Aleph Labs) | Singapore | January 2021 - January 2024

- Developed features for UOB's digital banking platform for businesses, including payer-payee management, asset and loan dashboards, and secure login workflows.
- Created dashboard components that automated 75% of manual tasks for the bank's process management framework.
- Maintained 87% test case coverage through rigorous testing, peer review, and code quality practices.
- Collaborated with back-end developers, product managers, and designers to implement new features and resolve implementation issues.
- Created workflow and error-resolution documentation that supported onboarding for new team members.

Technologies: React.js, JavaScript, TypeScript, HTML5, CSS3, Jest, Enzyme, Git

Front-End Developer
Sabk-e-zendegi | January 2020 - December 2020

- Built the front-end architecture of a health and lifestyle blog from the ground up using TypeScript, React.js, and Material UI.

Technologies: React.js, TypeScript, JavaScript, Material UI, HTML5, CSS3

Front-End Developer and UI/UX Designer
SalamCinema | May 2018 - May 2019

- Transitioned from UI/UX Designer to Front-End Developer after a successful 3-month internship.
- Implemented new website and application interfaces using React.js, Redux.js, and Material UI.
- Redesigned user experiences for movie news, voting, and recommendation features.

Technologies: React.js, Redux.js, JavaScript, Material UI, HTML5, CSS3

EDUCATION

Bachelor's Degree in Software Engineering | University of Zanjan
UI/UX Design | Rahnama College
